

AYOLEYI GBENGA-AYODEJI

MARVELOUS

Lagos/Ogun State, Nigeria • github.com/Ayoleyi-dev • ayoleyi-s-digital-architecture-hub.vercel.app

Certified Data Analyst with expertise in building end-to-end ETL pipelines, dimensional modeling, and interactive dashboards. Proven ability to translate raw data—from healthcare records to e-commerce metrics—into actionable business intelligence using SQL, Python, and Power BI.

EXPERIENCE

Assistant Tutor & Community Manager (Data Analysis)

May 2026 – Present

Skill Up Programme, University of Lagos (ULLSSA)

- Mentoring a cohort of 45 students through a 10-week intensive data analysis curriculum covering Excel, SQL, and Power BI, achieving a 92% completion rate.
- Managing community engagement and actively tracking student performance metrics to identify and support at-risk learners.

DATA PROJECTS

Public Health Data Warehouse & Analytics Pipeline

- Designed a Star Schema data warehouse in SQL Server to process 200+ clinical records, creating an automated ETL pipeline.
- Built a dynamic Power BI dashboard for real-time disease tracking and financial reporting.

Jumia E-Commerce Web Scraping & EDA

- Developed a Python web scraper (BeautifulSoup4) to extract real-time pricing and product data from Jumia Nigeria.
- Conducted Exploratory Data Analysis (EDA) using Pandas and Seaborn to visualize brand distribution and discount strategies.

AI Document Extraction QA & Annotation Validator

- Engineered a Python validation pipeline to programmatically QA AI-extracted JSON data against strict mathematical rules.

COVID-19 Nigeria Power BI Dashboard

- Utilized Power Query to clean mixed date formats and geographic anomalies before constructing an interactive mapping dashboard.

TECHNICAL SKILLS

- **Data Science & Analytics:** SQL, Python (Pandas, BeautifulSoup), ETL Pipelines, Dimensional Modeling, Exploratory Data Analysis (EDA).
- **Data Visualization & BI:** Power BI, Advanced Excel (Dynamic Dashboards, Pivot Tables).

EDUCATION & CERTIFICATIONS

- **Bachelor of Science in Biochemistry**, University of Lagos (Expected Aug 2027)
- **Certified Data Analyst**, TechCrush
